

PainUK

Strategy 2022

Pain UK CIO

Pain UK is an umbrella
organisation providing a
voice for people in pain

Vision

The best quality of life possible for people living with pain in the UK.

Mission

To provide a stronger voice for those living with pain in the UK.

Good Governance

Supporting
Research
(New Knowledge)

Media,
Campaigning &
Awareness

Strategic
Goals

Connection to
members

Consultation

Good Governance

A well respected,
resourced and
structured
organization with
good governance.

A hand holding a blue pen is pointing at a bar chart on a document. The chart has several horizontal bars with segments in yellow, red, and blue. The background is slightly blurred, showing more of the document and a wooden surface.

Supporting Research (New Knowledge)

Raising funds to carry out our own research, calling for research in key areas and helping researchers recruit participants via our membership.

A background photograph showing two individuals in a meeting. On the left, a person with blonde hair wearing a white shirt with black polka dots is seated. On the right, another person in a light-colored patterned shirt is standing and leaning over a table. A large purple circle is overlaid on the right side of the image, containing the text.

Consultation

The leading charity to research people living with long-term pain and which policy or decision makers come to, to learn about the lived experience.

Connection to Members

Highly engaged membership base relevant to our vision.

A close-up photograph of several people's hands holding smartphones. The focus is on the hands and the devices, with the background being a blurred outdoor setting. The lighting is bright, suggesting daylight. The phones are of various colors, including silver, black, and light blue. The hands are of different skin tones, indicating a diverse group of people.

Media, Campaigning & Awareness

Educating others and raising awareness of the lived experience of long-term pain, with the support of evidence from credible sources including peer reviewed journals.
